

Company Profile

EPRT Distribution Australia Pty. Ltd. was founded in December 2001 to distribute and market the Electro Pressure Regeneration Therapy (EPRT) devices in Australia and New Zealand. In July 2008, the Company became a wholly owned subsidiary of Thrisoint Pty Ltd in Belize.

The non-invasive, therapeutic device is the clinical BodiHealth TENS System which has U.S. FDA 510(k) clearance to market in the U.S., CE Mark Certification, as well as Australian & New Zealand TGA (Therapeutic Goods Administration) Registration to market in the Australasian region.

The Bodihealth System has shown in clinical studies to have the ability to stimulate tissue regeneration as well as reduce the chemicals that aid the aging process. When tissue regeneration occurs on the cellular level, healing occurs in every aspect of the body.

The BodiHarmoni Energy Enhancer and the BodiCharger Sports Enhancer, are non-medical portable devices designed for the lifestyle and sports markets.

This millenium brings with it an expanded vision and awareness of the range of products and technologies to enhance our quality of life. EPRT's dedication to creating wellness stems from an absolute belief that our aging process can be slowed down dramatically and even reversed, and we all can live a healthy and disease free life.
